# THE CELEBOAPS

(THAT'S OLDER AFTER PLASTIC SURGERY)

These ONCE BEAUTIFUL stars have nip and tucked up their faces in their QUEST FOR ETERNAL YOUTH

2008 2010

**COURTNEY LOVE, 46** She vowed last year to stop meddling with her face after a series of botched ops on her nose, boobs and lips. But it looks like it might be too little too late for the troubled rock chick. **Top cosmetic surgeon Angelica Kavouni says:** "Courtney's eyes now have an almost feline look, most likely due to an upper facelift combined with eyelid surgery. Her angular jaw may be a result of silicone implants and her lower lip looks an odd shape. She looks far older than 46."

2007 2010

**KATIE PRICE, 32** She can't help herself. But at least Jordan holds her manicured hands up to the nips and tucks she's had. She had her first boob job at 18 and has gone on to have Botox, liposuction, at least one nose job and lip fillers. Recent reports claim she admitted to "ruining her looks" with so much surgery. **Leading plastic surgeon Dai Davies says:** "You can tell she's had Botox in her forehead – there are no frown marks. She looks much older than she is."

2001 2010

**SARAH HARDING, 29** With what looks like plumped-up lips and an impossibly smooth forehead, there's been speculation about Sarah's new look.

**Leading plastic surgeon Dai Davies says:** "If she's had surgery, I think her lips are too big. She also looks like she may have had Botox. She certainly looks older than 29, though it could be down to a hectic lifestyle."

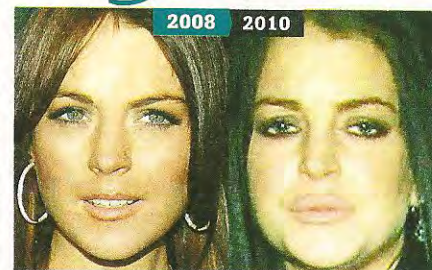

2005 2010

**ALICIA DOUVALL, 30** The glamour model first went under the knife at 17 and looks a decade older than she is. **Angelica says:** "Alicia's had so much work that her face is almost unrecognisable. It's become hard to guess how old she is, a trap that many celebs (eg. Joan Rivers) fall into."

2001 2010

2008 2010

**LINDSAY LOHAN, 24** She may have denied rumours of lip surgery, but LiLo's face is starting to look very Freaky Friday indeed.

**Dai says:** "Lindsay's eyebrows are higher now, indicating a possible brow lift or Botox, even though Botox isn't designed for people in their early 20s. It also appears that she's had a lip augmentation – it's not to my taste."

2001 2008

**LIL' KIM, 35** The American rapper has admitted to the boob and nose jobs but there have also been reports of butt implants, a brow lift, collagen lip injections and skin lightening. **Angelica says:** "Kim seems to have chosen surgery that has turned her into a caricature of her former self. Her wide-open eyes could be due to an facelift or brow lift. I also think she's had a chin implant, giving her face an angular appearance."

2006 2010

**HEIDI MONTAG, 24** Heidi's plastic surgery (she confessed to having 10 procedures in one day, including a brow lift, chin reduction and nose job) makes her look as old as The Hills.

**Angelica says:** "Heidi is clearly still beautiful but she looks older than her years. While she used to be pretty and unique, she's become yet another production line 'ageless' blonde."

## DON'T BE AN OAP – ADVICE FROM HARLEY STREET COSMETIC SURGEON DAI DAVIES

● Make sure your surgeon is a member of the British Association of Aesthetic Plastic Surgeons. ● Get independent, unbiased advice. ● Choose someone who can offer you the whole gamut of procedures so you know you'll be offered the one that's best for you, rather than the only one they can give you. ● Remember, the over-operated face you see in America is a step too far.
